REVISED POLICY - VOL. 18, NO. 2

4162 - DRUG AND ALCOHOL TESTING OF CDL LICENSE HOLDERS AND OTHER EMPLOYEES WHO PERFORM SAFETY SENSITIVE FUNCTIONS

The School Board believes that the safety of students while being transported to and from school or school activities is of utmost importance and is the primary responsibility of the driver of the school vehicle. To fulfill such a responsibility, each driver, as well as others who perform safety-sensitive functions with Board-owned and/or operated ("Board-owned") vehicles must be mentally and physically alert at all times while on duty. To that end, the Board has established this policy and others related to employees' health and well-being.

For purposes of this policy and the procedures associated with the policy, the following definitions shall apply.

- A. The term *illegal drug* means drugs and controlled substances, the possession or use of which is unlawful, pursuant to Federal, State, and local laws and regulations.
- B. The term *controlled substance* includes any illegal drug and any drug that is being used illegally, such as a prescription drug that was not legally obtained or not used for its intended purposes or in its prescribed quantity. The term does not include any legally-obtained prescription drug used for its intended purpose in its prescribed quantity unless such use would impair the individual's ability to safely perform safety-sensitive functions.
- C. The term *controlled substance abuse* includes excessive use of alcohol as well as prescribed drugs not being used for prescribed purposes, in a prescribed manner, or in the prescribed quantity.
- D. The term *safety-sensitive functions* includes all tasks associated with the operation and maintenance of Board-owned vehicles.
- E. The term *CDL license holder* means all regular and substitute bus drivers, other staff members who may drive students in Board-owned vehicles or inspect, repair, and maintain Board-owned vehicles.
- F. The term *while on duty* means all time from the time the CDL license holder begins to work or is required to be in readiness for work until the time s/he is relieved from work and all responsibility for performing work.

The Board expects all CDL license holders to comply with Board Policy 4124 on Drug Free Schools which prohibits the possession, use, sale, or distribution of alcohol and any controlled substance on school property at all times. Further, the Board concurs with the Federal requirement that all CDL license holders should be free of any influence of alcohol or controlled substance while on duty.

The Board directs the Superintendent to establish a drug and alcohol testing program whereby each regular and substitute bus driver, and any other staff member who holds a CDL license, as well as any staff member performing safety sensitive functions, is tested for the presence of alcohol in his/her system as well as for the presence of the following controlled substances:

- A. Marijuana
- B. Cocaine
- C. ~~Opioids~~Opiates
- D. Amphetamines
- E. Phencyclidine (PCP)

- E. on a random basis, and
- F. on a follow-up basis.

Voluntary disclosure of an alcohol or drug addiction by a staff member will not subject the staff member to disciplinary action unless such disclosure is made after the staff member is selected to be tested or immediately prior to the selection of staff members to be tested. Nothing herein shall prevent the Board from disciplining a staff member for misconduct associated with his/her alcohol and/or drug use regardless of whether the employee has disclosed that s/he has an alcohol or drug addiction.

All time spent undergoing an alcohol or controlled substance test, including travel time, will be paid at the staff member's regular rate of pay, or at his/her overtime rate, if applicable. Any staff member who is not allowed to return to work while awaiting test results will be compensated during the waiting period for all work time lost, including overtime, if applicable. Each staff member must sign a statement certifying receipt of these materials. Each employee (and labor organization representing Board employees) shall receive written notice of the availability of this information, and the identity of the Board's designated representative in charge of answering employee questions about the materials.

Return-to-Duty (Safety-Sensitive Positions)

Employees who are removed from performing safety-sensitive functions as a result of this policy must take and pass a return-to-duty test before returning to performing safety-sensitive functions.
